THE MORRIS PARK RACES ENJOYED BY A LARGE

CROWD. At half past 1 o'clock yesterday there were not 100 people in the grand stand at Morris Park. The management had decided to yield everything to the Only a few hundred pro-Columbus celebration. grammes were printed, and provisions were set out for a very small attendance. The New-York, New-Haven and Hartford Railroad made up only about half as many trains as usual, and did not expect to THIRD RACE-Selling. have them one-fourth filled. But all these calculations and preparations were wrong. There were nearly 8,000 people who had seen enough of parades and who | Arab of the meeting, in the number of spectators, was

When he was pulled up he was lathered all overlit would not have taken a remarkable horse to beat him yesterday, as he clearly was not in his best condition. If he had started against Lanquet in the lifth race the spectators would probably have seen one of the fluest, contests of the year, but owing Lamplighter was of course an overwhelming favorite fifth race the spectators would probably have seen one of the finest contests of the year, but owing to some misunderstanding the two failed to meet. Banquet was never better than he is now, and he won the Manhattan Handicap with astonishing case, carryon him, as he thought that both Montana and Kildeer swould heat him. He won so easily that many good judges agreed that he could have finished in front with five pounds more than he carried. But hanquet many more than he carried. But hanquet many more than he carried. But hanquet many of the visitors who have come to New-York to enjoy the Columbus celebrations have never a great horse, and never will be, and as for the suchers, they are not far removed from the selling-plate class.

There were far too many withdrawals in several races of horses that had been announced as probable starters. This abuse has grown to appalling proportions. It is far more serious than in any previous season, and if the jockey-clubs do not take some steps to check it next year the public will become so thoroughly disgusted that racing organizations can no longer rely upon popular support. THE EPISCOPAL CONVENTION, AFTER A LONG DEBATE, VOTES TO AD-JOURN FOR IT.

NO DIRECT ACCEPTANCE OF THE HOSPITALITY COMMITTEE'S INVITATION FOR A TREP ON A PAST DAY-OTHER QUESTIONS REPORE THE LOWER HOUSE.

[BY TELEGRAPH TO THE TRIBUNE.] Baltimore, Oct. 12.-The lower house of the Episcopal general convention talked and worked to-day with great industry, and in the afternoon President Dr. Dix was able to announce that for the first time in its history the house was in advance of its business. standing committees brought in reports and various important questions were put on the calendar. It was voted to have a joint session of the two houses to-morrow morning, to discuss the church university board of regents and its educational work. In the course of the session, a letter from President Harrison was rend, thanking the house for its vote of sympaths with him and his family for the illness of Mrs. Harri son. The house wrangled a good while over an is vitation from the local committee to go on an exce sion on Friday afternoon. The final disposition of the question was generally a reldered unfortunate. The point raised was that, Friday being a fast day of obligation, it was wrong to go on an exerction. The action of the house voting to adjourn for the exercdon, without voting to go, seemed to many to be at attempt to evade the question.

Morning prayer was said by Bishop W. A. Leonard. of Oldo, and the Rev. J. E. Cathull, of Indiana. After the reports of the standing committees had been received, the first question on the calendar was taken up, which was a resolution offered by Mr. Richmond, of Newark, that the consent of the hishops only is necessary for the confirmation of a hishop. After a short delay, the subject was indefinitely postponed. A request from Trinity College, Hartford, Conn., to have the clerical members of the family receive the same privilege as to canonical residence as that accorded to the faculties of other general church fastitutions came up; the request was dealed. Much time was wasted over an attempt to correct a defect in the passage of over an initialization and adment relative to the division of territorial jurisdiction. At the last general convention, the house by vote approved the amendment.

The Rev. Dr. Hodges, of Maryland, on behalf of the local countities, announced that fish could be served at the luncheon on the Friday excursion down the Bay, arranged by the local hospitality committee. This was to refleve the scruples of strict churchmen who might object to going an an excursion on Friday, it did not do, however, for the Rev. Mr. Edmunds. of Albany, arose and moved a reconsideration of the vote. He said it would be bester not to go at all than to make the church an object of ridicule to th world. Dr. Carey, of Albany, decided that he could not go on an excursion on Friday without doing violence to his feelings. These arguments were effective, for the house voted to reconsider its aceptance of the invitation. After recess, Dr. Nelson ceptance of the invitation. After recess, Dr. Nerton, of Western New-York, moved that the house adhere to its acceptance of the invitation. The Rev. Mr. Tiske, of Rhode Island, asked how the clerical deputies could face their parishes if they went on an excursion on a fact day. Dr. Carev hoped tower to see a stain brought on the name of the Churca by a lighter a present of the churca by a Priday excursion. At this point the house became extremely excited, and dozens channel for recognition; but a deputy from Southern Ohlo was recognized and moved to refer the whole question back to the reference committee, als motion was carried.

TITLE TO LANDS IN CHICAGO RECLAIMED FROM

THE LAKE BEFORE THE SUPREME COURT.

Washington, Oct. 12 -Argument was begun to-day In the United States Supreme Court in what are known as the lake front cases, involving title to a large amount of valuable ground on the shore of Lake Michi-There are four cases here, all gan, at Chicago. There are four cases here, all brought on appeal from the decision of the Creuk Court of the United States for the Northern District of Illinois. The Illinois Central Railroad is on one side of the case, and the city of Chicago, State of lilinois and United States on the other, though the Federal Government appears in them involuntarily, and will not attempt to make an argument in court. The argument will last two days. The avowed object of the sait is to settle by judicial decree title to certain lands in Chicago, situated on the border of Lake Michagan, between the mouth of the Chicago River and Fifteenth-st., which have been reclaimed from the lake by the Illinois Central Railroad Company and occupled by it for many years for milroad purposes, and also title to aubmerged lands immediately adjacent to

BAILROAD INTERESTS.

AN IMPORTANT TOUR OF INSPECTION. Special significance is attached in financial circles here to the action of the president and directors of the Pennsylvania Railroad Company, on their annual tour of inspection, which began yesterday. President Roberts's recent visit to London afforded him a long-desired opportunity of putting the foreign share and bond holders in possession of information, especially valuable during the Columbian year, in regard to the company's

Western system. The foreign shareholders show un usual interest, in consequence, in the management and improvement of the Pennsylvania's leased lines, and especially in the Chicago arrangements and the connections which will be utilized by visitors to the Fall Mr. Roberts, all the vice-presidents and all of the twelve directors, left Philadelphia yesterday on their

twelve directors. left Philadelphia yesterday on their special train for Pittsburg, Chicago, Cleveland, Chicago, Livia and Detroit. They wild meet the business men and shareholders resident in those cities and in the ilvest generally, to confer on the management and condition of the Pennsylvania system.

On the rear platform of the president's car, he and the directors sat, making the usual examination of every rid of the track every culvert, bridge, embantment and improvement. Important developments are looked for in some quarters from this journey, which is believed to be of moment to the shareholders and throughout the West.

THE WESTERN TRAFFIC ASSOCIATION.

Chicago, Oct. 12.-There is no probability that any of the many agreements proposed for the reorganiza-tion of the Western Truffic Association will be adopted or even seriously considered. It is now accepted as a fact that the association is dead and will stay dead. It was an experiment of the presidents and directors, who gave it several triols, and are now forced to admit that it was a complete failure. Few of them are not convinced that an agreement cover-ing such a wide expanse of territory, unless built on a plan different from any that has yet been presented, can ever be made a success. In the opinion of the traffic officials the present Western Freight and Western Passenger Associations, though subject to amendments from time to time, are good enough, what the Western roads want is an agreement that will prevent secret ruts and manipulations. Chairman Valuer has not suggested any way that will prevent this, although he has recently given his yiews as to what a traffic agreement should be. The inuit found with his plans is that they suggest nothing new. A traffic manager said to-day:

There has been no trouble with the published rates. It is the secret rate that causes the trouble, it is generally impossible to prove anything against the secret rate cutter; causequently, the best way to prevent such uregularities is to adopt some such measure as Chairman Midgler's committee is now working on, providing for a division of ton age. a plan different from any that has yet been presented

Roger Wolsoft was appointed to certify all bonds and notes issued up to October, 1836.

ST. PAUL AND DULUTIUS ANNUAL REPORT.

St. Paul, Minn., Oct. 12.-The annual report of the St. Paul and Duluth Railroad Company for the year ending June 30, 1802, was issued to-day from the general offices. The gross earnings were \$1,934,510 87, as against \$1,021,939 04 last year, an increase of \$316.012 15. The operating expenses were \$1,234,617 62, as against \$1,021,581 14 for last year. The surplus earnings amounted to \$80,9,503 25, as increase over last year of \$90,535 55.

ILLINOIS CENTRAL'S ANNUAL MEETING.

Chicago, Oct. 11-The annual meeting of the stockholders of the Minois Central Radroad Company was held to-day. There were 207,237 shares stock represented. The annual report was approved. Sanction was given by an almost unanimous to the proposed increase in the capital stock of 85,000,000. Arthur Leary, S. V. R. Criger and Charles A. Peabody, Jr., were re-elected directors, and J. C. Welling was elected to fill a vacancy in the Roard.

CAPTURING THE PAYETTEVILLE MURDERERS. Washington, Oct. 12.-Acting Commissoner Wilson,

of the Internal Revenue Bureau, received a telegram this morning from Revenue Agent Knisely at Fayette ville. Tenn., announcing the capture of another person (making three in all) for complicity in the mur derous assault on the revenue officers near Flintville last week. He says that Deputy Collector Sparner, who was shot at that time, is improving and has podtive evidence against some of the prisoners. The agent adds that be has an ample force and is pushing the investigation vigorously. An effort has been made to secure the appointment of Mr. Holman, of Fayetteville, as a special attorney to assist in the prosecution

of these cases, but so far without success. Nashville, Tonn., Oct. 12.-A. J. Patrick and Morgan Petry were brought to this city under arrest last night, charged with the assassination of the revenue officers Cardwell and Waller near Flintville last Friday, and the attempted assassination of J. T. spurrier. Sparier is still in a critical condition. If he recovers he will be paralyzed.

The Wrong Side of Fifty. Reader, have you passed the meridian of life? Are your

oints getting stiff, your muscles and sinews losing their elasticity? Are you troubled with lumbago? Are you, in short, in daily or occasional receipt of any of those admonitions which nature gives to remind people that thay are growing old? If so, try a course of Hostetter's Stomsch Bitters, a most genial and agreeable mitigater of the infirmities of age, a repid promotor of convalescence, and an effectual means of countersetting bodily decay. Good digestion, sound sleep, a hearty appealte, freelfrom rheumatic twinges, are among the benign fruits that spring from the regular and persistent use of this superb tonic and corrective, which has received the unqualities sanction of the medical traternity. Give it the fair trial
